

## Modelling Toolkit FAQ

For the latest version of this document please go to [www.2simple.com](http://www.2simple.com) > support > technical questions

**Q: “This application cannot run”**

A: Right-click the Modelling Toolkit shortcut on your desktop and choose PROPERTIES > COMPATIBILITY. Select “run this program in compatibility mode for Windows 2000” and click Apply and OK.

**Q: Can this program be installed on a server only or on a thin client system?**

A: Yes, but you need to make the “data” folder read only. For more info see [http://support.2simpleweb.com/public/docs/networks/2Simple\\_ThinClient\\_installs.pdf](http://support.2simpleweb.com/public/docs/networks/2Simple_ThinClient_installs.pdf)
